

Dear AMPP So Cal Chapter member,

It is time to renew or begin your support for the local AMPP So Cal Chapter. The new sponsorship year begins on January 1, 2023.

How your sponsorship helps the AMPP So Cal Chapter:

- Allows us to give scholarships and awards to deserving college and secondary school students for the future of the corrosion industry.
- Helps to defray the cost of the monthly meetings, keeping attendance costs low.
- Supports the annual December luncheon.

Sponsorship benefits include:

- Company business card on all AMPP So Cal Chapter monthly meeting announcements (emailed to over 1000 AMPP members and prospective members in the So Cal Chapter area).
- Company business card and the business contact's name on the "Section Sponsors" section of the AMPP So Cal Chapter website and monthly meeting flyers. Our Chapter website is accessible from the main AMPP International website (www.amp.org).
- Exhibit table at the annual December luncheon (see below for more details). **

****Exhibit Info:** Sponsors will be provided with a table for display at our annual December luncheon. Space is limited to first come, first served. Exhibitors may bring, at their option, two (2) giveaways for the raffle. This year's luncheon date/details are still to be determined.

All this is available for the low fee of \$175 for a 1-year sponsorship. Please use the attached invoice to remit payment for sponsorship of the LA Section for the 2023 calendar year. Please remember to **include a business card** to update or add to our flyer and website *in jpeg file format for better clarity*.
